

GRADUATE STUDIES

INTERNATIONAL CREDENTIAL EVALUATION GUIDELINES

The following information is intended as a **GUIDELINE ONLY** and is to be used as a reference for admission purposes only. Graduate Program Services (GPS) evaluations will be considered as the acceptable evaluation in cases of discrepancy. When referencing this guide please note carefully the following:

- This guide has been compiled using a variety of sources and is by no means complete.
- Additional grading systems may exist in any country.
- Transcript legends should be used when possible.
- > Course contents will be compared and considered within the context of the level of study.
- For admission to a Master's program, the qualifications listed are normally recognized as equivalent to a University of Guelph 4-year Honours Bachelor's degree.
- The minimum requirement for admission of 70% grade average is calculated on the last 2 years of full-time equivalent study, when possible. (For Canadian degrees, we interpret this as the last 20 semester courses, however we do not split a semester and we will not consider any less than 16 courses. For all other degrees where the last 20 courses are not defined, we determine the last 2 years or 4 semesters of study.)
- > Departments/Schools may have higher requirements and/or may require additional documentation (e.g. Portfolio, sample of written work, etc.).
- > Transcripts and letters of recommendation will be verified for authenticity.
- Normally, only students who are graduates of accredited or other wise approved universities are eligible for admission to Graduate Studies. Students may be required to provide us with documentation to support the accreditation of the institution.
- Applications are evaluated on information provided with your transcripts from previous institutions attended. Applicants are free to request a re-evaluation which may be made to the Dean of Graduate Studies in writing. The letter should include the reasons for re-evaluation and appropriate documentation in support of the request.
- > If you have a transcript from a country not listed below, please contact Graduate Program Services for assistance.

An asterisk (*) indicates countries where a majority of institutions' first language may not be English.

Courses at the University of Guelph are completed in approximately 12 weeks and oral examinations are a part of most graduate programs. Students therefore must be proficient in the use of English, both written and oral, when they begin their studies at Guelph. The university requires that certification of such proficiency be provided by applicants whose first language is not English. (For additional English language information please review the Graduate Calendar at http://www.uoguelph.ca/graduatestudies/calendar/genreg/genreg-admit-app.shtml

Country of Academic Institution Attended	Minimum Equivalent Qualification (for admission to a Master's program)	Grading Scale and Minimum Academic Standing
ALBANIA *	Professional Title	10 point scale
		8/10 required
ALGERIA *	Licence (4 year), Diplome	20 point scale
		13-14/20 required
ARGENTINA *	Licenciado, Licenciatura, Professional Title, Titulo	10 point scale
		7.5/10 required
AUSTRALIA	Honours Bachelor's degree requiring 4 years of study	Second Class Honours Upper or
		H2A or Second Class First
		Division or 2I or H2I or overall
		grade of Distinction
AUSTRIA *	Diplom-Ingenieur, Magister, Diplomstudium	5 point scale (reversed)
	(5.0 reversed scale means 1.0 = A)	2.0/5.0 or Gut/Good required
BANGLADESH *	4 or 5 year Technical degree – e.g. B.Eng, B.Sc(Eng),B.Tech, B.Arch,	First Class/First Division
	B.Pharm, MBBS. All others - Bachelor's and Master's required	60% minimum
BELGIUM *	Licencie/Licence/Licenciaat, Professional Title requiring 4 years of	20 point scale
	study e.g. Ingenieur, Architecte	14/20, 80% or Avec distinction
BOLIVIA *	Licenciatura/Licenciado, Professional Title requiring 4 years of study	7 point scale or 100%
	e.g. Ingeneiro	5.0/7 or 75% required
