DEPARTMENT OF FAMILY RELATIONS
AND APPLIED NUTRITION

FRAN *6750 - Final Project in Applied Human Nutrition Course Outline - Fall 2018 - Summer 2019

INSTRUCTORS

Laura Forbes, PhD, RD

Office : MACS 326

Phone : 519-824-4120 ext. 52544

Email: forbesl@uoguelph.ca

Jennifer Monk, PhD

Office : MACS 335

Phone : 519-824-4120 ext. 53006

Email : jmonk02@uoguelph.ca

CLASS TIME/LOCATION

Mondays in the fall semester from 2:30-5:20 in MACS 331

We will also have 1 to 2 check-ins on Mondays during the winter semester. The exact dates and times for these check-ins are to be determined. We will also host research retreats during the first week of December and the second week of April to provide you with time and support while working on your research projects.

COURSE DESCRIPTION

The goal of this course is for students to gain skills in applied research for dietetic services in public health, management, food services and/or clinical contexts. Students will be exposed to a number of approaches and will develop selected research skills. The course also includes a research project to be completed over the course of the Masters of Applied Nutrition (MAN) program. The format includes formal class instruction as well as individual mentoring.

LEARNING OUTCOMES

By the end of this course, students will be able to:

1. Design and execute research projects in various dietetic practice settings. This includes completing funding applications, ethics applications, data collection, data entry, data analysis and presentation of results. Students will demonstrate these skills by completing their practice-based research projects.
2. Analyze and interpret basic quantitative and qualitative data by completing course assignments and completing data analysis within their research projects.

3. Communicate in written, verbal and visual forms with a variety of audiences (funders, researchers, lay people) about their research by writing research proposals and reports and presenting proposals and research projects to fellow students and co-investigators.
4. Demonstrate productive teamwork and group communication skills.

COURSE STRUCTURE AND ORGANIZATION

This course consists of formal class work and a community based research project to be completed outside of class time. Students will be expected to dedicate on **average of 3-4 hours a week outside of class time to the project over the course of 3 consecutive semesters.**

The typical timeline for this course is outlined below:

- *Fall Semester:*
Students attend weekly classes to learn skills key to dietetic practice-based research. Students will be introduced to their community research partners, will learn about their research projects and create a research proposal which will guide their research throughout the winter and summer semesters.
- *Winter Semester:*
Most students will be collecting data during the winter semester.
- *Summer Semester:*
Students will typically finish remaining data collection in the summer semester and will complete data analysis and writing of the final reports.

TEACHING AND LEARNING ACTIVITIES

Date	Topics	Assigned Readings & Guest Speakers	Notes & Due Dates
Sept. 10	Introduction Review Course Outline Introduction to Practice-Based Research Literature Searching and Referencing Software	Laura and Jennifer intro Laura Practice-based research Melanie from the library about literature searching	
Sept 17	Developing a research project Writing research questions Choosing a study design	Jennifer	
Sept 24	Survey Design Qualtrics Orientation	Jennifer Lucia for qualtrics?	
Oct. 1	Statistical analysis and SPSS orientation	Laura	
Oct. 15	Stats Assignment help	Laura and Jennifer	
Oct. 22?	Focus Groups	Lindsey and Karen	
Oct. 29	Qualitative Analysis	Laura	

Date	Topics	Assigned Readings & Guest Speakers	Notes & Due Dates
Nov. 5?	Quality Improvement	Laura Belsito	
Nov. 12?	Chart Audits	Guest speaker TBA	
Nov. 19	Ethics	Jennifer	
Nov. 26	Writing Proposals	Laura and Jennifer	
Dec. 3-7	Research Retreat	Flexible work time, professor support and feedback will be available.	Key tasks: Research Proposals
Jan. check-in	Proposal Speed-dating Presentation	Laura and Jennifer	
Mar. check-in	Be prepared to share your progress to date and talk about challenges and successes.	Laura and Jennifer	
Apr. 8-12	Research Retreat	Flexible work time, professor support and feedback will be available.	Key tasks: Data analysis and writing.
MAN precept or appreciation day	Those who have completed their projects will present their research posters at this event. Those who have not completed the posters will briefly present the purpose and methods of your research project.		

ASSESSMENT DETAILS

Please note: deadlines are generally negotiable depending on the needs of students. Supporting student learning through formative assessment is an important component of this course. Therefore, students will have the opportunity to submit assignments, get feedback and resubmit assignments to enhance their learning and increase their final marks on the assignments.

Assessment	LOs Addressed	Due Date	% of Final
CORE tutorial	1	Sept. 28	5
Statistical Analysis Assignment	1, 2	Oct. 19	10
Research Proposal	1-4	Dec. 14	25
Research Proposal "Elevator Speech"	1-3	Jan. Check-in day	5
Interim research report	1-4	Apr. 19	10
Effort on research project	1-4	n/a	10
Final research report	1-4	Aug. 19	25
Final research poster	1-4	Aug. 19	10
Total:			100%

COURSE STATEMENTS

Course Website:

There is a course website at <http://courselink.uoguelph.ca>. All components of this course will be housed on the CourseLink site including this course outline, assignments, and links to further resources. Your assignments will be submitted through the Dropbox function. Marks and feedback will also be released on the site. Please familiarize yourself with this website as soon as possible and visit it regularly throughout the semester.

Turnitin Software:

In this course, your instructor will be using Turnitin, integrated with the CourseLink Dropbox tool, to detect possible plagiarism, unauthorized collaboration or copying as part of the ongoing efforts to maintain academic integrity at the University of Guelph.

All submitted assignments will be included as source documents in the Turnitin.com reference database solely for the purpose of detecting plagiarism of such papers. Use of the Turnitin.com service is subject to the Usage Policy posted on the Turnitin.com site.

A major benefit of using Turnitin is that students will be able to educate and empower themselves in preventing academic misconduct. In this course, you may screen your own assignments through Turnitin as many times as you wish before the due date. You will be able to see and print reports that show you exactly where you have properly and improperly referenced the outside sources and materials in your assignment.

UNIVERSITY STATEMENTS

E-mail Communication:

As per university regulations, all students are required to check their <uoguelph.ca> e-mail account regularly: e-mail is the official route of communication between the University and its students.

When You Cannot meet a course requirement:

When you find yourself unable to meet in-course requirements due to illness or compassionate reasons, please advise the course instructor (or designated person, such as a teaching assistant) in writing with name, ID#, and email contact. See the graduate calendar for information on regulations and procedures for Academic Consideration:

https://www.uoguelph.ca/registrar/calendars/graduate/current/genreg/sec_d0e2232.shtml

Copies of out-of-class assignments:

Keep paper and/or other reliable back-up copies of all out-of-class assignments: you may be asked to resubmit work at any time.

Accessibility:

The University promotes the full participation of students who experience disabilities in their academic programs. To that end, the provision of academic accommodation is a shared responsibility between the University and the student.

When accommodations are needed, the student is required to first register with Student Accessibility Services (SAS). Documentation to substantiate the existence of a disability is required, however, interim accommodations may be possible while that process is underway.

Accommodations are available for both permanent and temporary disabilities. It should be noted that common illnesses such as a cold or the flu do not constitute a disability.

More information: www.uoguelph.ca/sas

Academic misconduct:

The University takes a serious view of academic misconduct and will severely penalize students, faculty and staff who are found guilty of offences associated with misappropriation of others' work, misrepresentation of personal performance and fraud, improper access to scholarly resources, and obstructing others in pursuit of their academic endeavours.

In addition to this policy, the University has adopted a number of policies that govern such offences, including the policies on Misconduct in Research and Scholarship and the Student Rights and Responsibilities regulations. These policies will be strictly enforced.

Recording of materials:

Presentations which are made in relation to course work—including lectures—cannot be recorded or copied without the permission of the presenter, whether the instructor, a classmate or guest lecturer. Material recorded with permission is restricted to use for that course unless further permission is granted.

Resources:

The [Academic Calendars](#) are the source of information about the University of Guelph's procedures, policies and regulations which apply to undergraduate, graduate and diploma programs.
