---

### **COURSE DESCRIPTION:**

This course provides a practicum of 3 - 4 days per week for 13 weeks in the semester with a dietetic or organization (hereinafter referred to as "the organization"), to develop and perform dietetic competencies (internship experience). Alternatively, in the summer semester the practicum can be completed as 5 days for 8 weeks, according to the feasibility and preferences of the student and the organization. For summer placement can start as early as mid- April and continues through August . The actual schedule for the placement will be negotiated with the student, the placement preceptor and the placement coordinator.

### **PRE-REQUISITE:**

Registration in this course is restricted to students enrolled in the Masters of Applied Nutrition program. Registration for this course indicates the student's consent to the release of personal and academic information to the host organization for the purposes of placement.

### **COURSE FORMAT:**

The course will be **highly** interactive with presentations and on-line discussions or webinars by class members. Evaluations will be based largely on presentations and individual assignments.

### **OVERALL COURSE OBJECTIVE:**

The graduate students will gain practical experience and achieve competencies through placements at
