

COLLEGE of SOCIAL AND APPLIED HUMAN SCIENCES

DEPARTMENT OF FAMILY RELATIONS
AND APPLIED NUTRITION

FRHD*2060 Adult Development & Aging

COURSE OUTLINE – FALL 2022

1. CALENDAR DESCRIPTION

This course provides an overview of major theoretical approaches, research issues and methodologies, and significant research findings which relate to adult development and aging.

Credit Weight: 0.5 credits

Course Hours: 3-0 (36 lecture; 0 lab/seminar)

Pre-Requisite(s): 1 of [ANTH*1150](#), [FRHD*1010](#), [FRHD*1100](#), [PSYC*1000](#), [PSYC*1100](#), [PSYC*1200](#), [SOC*1100](#)

Co-Requisites(s):

Restriction(s):

2. COURSE DESCRIPTION

The population is growing older and this change will have a profound impact on every one of us. This course provides an overview of the *longest phase of the life cycle* – adulthood, covering the years from young to late adulthood, and end of life. Life span developmental psychology assumes that development continues well into old age. Biological, psychological, and social factors all contribute to changes observed as we age and these changes are found across many domains (e.g., social relations, personality, cognitive functioning, and emotions, among others). We will examine the aging process to better understand the issues facing your grandparents, parents, and yes, even you. We will strive to dispel the myths and stereotypes of aging using empirical evidence. Throughout the course, we will emphasize problems and potentials that accompany the aging process

3. TIMETABLE

Lecture: Tuesday & Thursday 8:30 - 9:50 am

Location: LA 204

Final Exam: Non-cumulative test Thurs. 12/15 7-9 pm, Room TBA

4. INSTRUCTIONAL SUPPORT

Course Instructor: Scott B. Maitland, Ph.D.

Email: smaitlan@uoguelph.ca

Telephone: 519-824-4120 ext. 56156
Office: MINS225
Office Hours: By appt.

Teaching Assistant: Kareena Karani
Email: kkarani@uoguelph.ca
Office:
Office Hours:

5. LEARNING RESOURCES

Required Resource(s):

Required Textbook: Cavanaugh, J.C., & Blanchard-Fields, F. (2019). *Adult development and aging* (8th edition). Boston, MA: Cengage Learning.

Note. If you want a hard copy of the text, the book rep price is approx. \$110, and ISBN 9781337559089. I was told that the UoG bookstore will include free shipping to your address provided, if you purchase a hard copy text from them.

If you try to purchase through Amazon.ca you will be quoted a higher price of almost \$150 CAD.

If you would like an e-copy of the Cavanaugh textbook, the book rep cannot help directly but stated you can get it for approximately \$86 CAD, by going to NelsonBrain website

<https://www.cengage.ca/shop/ProductDisplay?storeId=10651&productId=1047554&urlRequestType=Base&langId=-1&catalogId=10052>

Additional Readings (pick **one** for your reaction paper, although nothing is stopping you from reading as many as you like):

Arden, J. (2019). *Feeding my mother*. Canada: Vintage Canada. (Also 2017, Random House Publishing).

Badaracco, S. (2020). *Dance with me*. Self Publish – purchased from Amazon.ca.

Green, S. (2022). *This is assisted dying: A doctor's story of empowering patients at the end of life*. New York: Scribner.

Jaouad, S. (2021). *Between two kingdoms: A story of life interrupted*. New York: Random House.

Recommended Resource(s):

American Psychological Association (2020). *Publication manual of the American Psychological Association* (7th ed.). Washington, DC: Author

6. LEARNING OUTCOMES

At the completion of the course, successful students will be able to:

1. Demonstrate a greater understanding of how biological, psychological and social contexts influence the aging process
2. Critically evaluate research in the field of adult development and aging
3. Develop a deeper understanding of the theoretical approaches to adult development and aging
4. Understand the diversity among individuals and groups as they age
5. Understand the effects age-related changes in sensory-motor function have on daily activities, increase knowledge of the physical requirements for independent living tasks, and experience impaired functional skills that may compromise independence

7. TEACHING AND LEARNING ACTIVITIES

Week	Dates	Topic	Assigned Readings & Guest Speakers	Notes & Due Dates
1	Thurs, 9/8	Introductions & Overview of Course	Start reading Chapters 1, 2	
2	Tues, 9/13 Thurs 9/15	Theories and methods/ Neuroscience as a tool	Chapters 1, 2	
3	Tues 9/20 Thurs 9/22	Physical Changes	Chapter 3	
4	Tues, 9/27 Thurs, 9/29	Longevity, Health & Functioning	Chapter 4	
5	Tues, 10/4 Thurs, 10/6	Mental Health & Disorders Mental Health con't & Exam Issues/Review	Chapter 10	Aging Simulation Groups Close Oct 7th @ 5:00 p.m
6	Tues, 10/11 Thurs, 10/13	No class, Holiday Midterm 1	Exam on Ch 1-4, 10 & lecture material	Resched. Thur, 12/1
7	Tues 10/18 Thurs, 10/20	Intelligence, Reasoning, Creativity, Wisdom Intelligence, con't	Chapters 6 & 7	

Week	Dates	Topic	Assigned Readings & Guest Speakers	Notes & Due Dates
8	Tues, 10/25	Attention/ Memory	Chapters 6 & 7	
	Thurs, 10/27	Social Cognition/ Personality	Chapters 8 & 9	
9	Tues, 11/1	Social Cognition/ Personality	Chapters 8 & 9	
	Thurs, 11/3	Midterm 2	Exam on Ch 6-9 & lecture material	
10	Tues, 11/8 Thurs. 11/10	Person-Environment Interactions	Chapter 5	Reaction paper due by 11:59 pm, Thurs. 11/10
11	Tues, 11/15 Thurs. 11/17	Work, Leisure and Retirement	Chapter 12	
12	Tues, 11/22 Thurs, 11/24	Relationships and Interpersonal Behaviour	Chapter 11	
	Tues., 11/29 Thurs. 12/1	Dying, Bereavement & Healthy Aging Wrap-up/Review/ Questions	Chapter 13 & 14	Make-up for Thanksgiving Tues. schedule
Final Exam	N/A	Noncumulative test during Finals Week	Chapters 5,11-14 & lecture materials	Thurs, 12/15, 7:00 – 9:00 PM, Room TBA

Note: This is a tentative schedule; however, due to various unknown factors there may be changes. Any changes will be announced during class and an announcement will be posted on the CourseLink site.

Lecture notes (slides) will be available on-line through Courselink. Remember that the slides do not contain a detailed account of the material covered in class, they only provide an outline. My final version of lecture slides will be based on the outline but may vary in content and presentation. It is strongly recommended that you take notes in class to supplement the slides. Exam questions will be connected to material presented in text and in class

8. ASSESSMENT DETAILS

Assessment	LOs Addressed	Due Date	% of Final
Midterm Exam 1 Ch 1-4, 10, Lecture (50 questions)	1-5	Thurs, 10/13	25

Assessment	LOs Addressed	Due Date	% of Final
Aging Simulation Exercise	1,4,5	Fri., 10/7 5:00 p.m.	10
Midterm Exam 2 Ch 6,7,8,9, Lecture (50 questions)	1-5	Thurs. 11/3	25
Reaction Paper	1-5	Thurs 11/10 11:59 p.m.	10
Midterm Exam 3 CH 5, 11, 12, 13, 14 (60 questions)	1-5	Thurs 12/15 7-9 p.m., Room TBA	30
Total:			100%

9. COURSE STATEMENTS

Land Acknowledgement:

We acknowledge that the University of Guelph resides on the ancestral lands of the Attawandaron people and the treaty lands and territory of the Mississaugas of the Credit. We recognize the significance of the Dish with One Spoon Covenant to this land and offer our respect to our Anishinaabe, Haudenosaunee and Métis neighbours as we strive to strengthen our relationships with them. Acknowledging them reminds us of our important connection to this land where we learn and work.

Course Website:

There is a course website at <http://courselink.uoguelph.ca>. All components of this course will be housed on the CourseLink site including this course outline, assignments, and links to further resources. Your assignments will be submitted through the Dropbox function. Marks and feedback will also be released on the site. Please familiarize yourself with this website as soon as possible and visit it regularly throughout the semester.

Late Assignments:

1. Reaction papers are due at 11:59 p.m., Thursday, November 10th. Group discussions for the Aging Simulation are due by 5:00 p.m. Friday, October 7th.
2. Late assignments will be devalued by **5% per day, including weekends**. A late assignment handed in after class but on the due date will be devalued by 3%.
3. In special unforeseeable circumstances where due dates cannot be met, it is the student's responsibility to provide acceptable written documentation substantiating the reasons for not meeting the deadline (e.g., doctor's certificate, copy of death certificate/obituary, police report). Students with acceptable documentation must contact their teaching assistant, **no later than 48 hours after the due date** to make alternative arrangements. Latecomers without acceptable documentation or those who contact the TA **after the 48-hour period** will be penalized **5% per day, including weekends**, for the assignment.

Receipt of Grades:

After you receive a grade on CourseLink, please review your feedback. Any inquiry or dispute over the grade must be made within two weeks from the date they are posted. If you fail to protest any grade during this time limit, changes to the grade will not be considered. [Grades will be based on the Grading Procedures outlined in the Undergraduate Calendar.](#)

Turnitin Software:

In this course, your instructor will be using Turnitin, integrated with the CourseLink Dropbox tool, to detect possible plagiarism, unauthorized collaboration or copying as part of the ongoing efforts to maintain academic integrity at the University of Guelph.

All submitted assignments will be included as source documents in the Turnitin.com reference database solely for the purpose of detecting plagiarism of such papers. Use of the Turnitin.com service is subject to the Usage Policy posted on the Turnitin.com site.

A major benefit of using Turnitin is that students will be able to educate and empower themselves in preventing academic misconduct. In this course, you may screen your own assignments through Turnitin as many times as you wish before the due date. You will be able to see and print reports that show you exactly where you have properly and improperly referenced the outside sources and materials in your assignment.

Guidelines for the Reaction Paper

Read one of the four books: *"Feeding my mother"*, *"Dance with me"*, *"This is assisted dying"*, or *"Between two kingdoms"*, and submit a 3-4-page (excluding title page and references), double-spaced, typed reaction paper about your book. Do not provide a summary or review of the book; rather, focus on how you think the selected book ties in with Adult Development & Aging, what the book meant to you, and what the central take-home messages were for you.

Each paper should have the following sections:

- **Title Page:** For this assignment, you must provide the following information:
 - The topic of your paper (e.g., be creative...*Death at the Dinner Table..who brought the fish?*)
 - Your name and student number
 - The author and title of the book you have chosen
 - The date you are submitting the assignment
- **Introduction:** In about a page, identify the theme(s) you consider important in the book and discuss how they relate to the study of adult development and aging. State the central theme telling the reader what you are going to accomplish in your paper.
(2/10)
- **Critical Issues:** In about 1 page, **refer to your textbook as a primary source** to support the points you make in discussing the issues from your book that you have identified. You

should integrate material from class/text and discuss the main themes related to your topic in a critical manner. **(3/10)**

- **Conclusions:** In about a page, summarize and state succinctly your evaluation of your chosen book. You should refer back to the themes outlined in your introduction and remind the reader of the objective of your paper. Discuss how your chosen book impacted or changed your views of adulthood and aging. **(3/10)**
- **Citations, references, grammar, and spelling:** References outside of your textbook are not needed but the textbook should be cited in the text and in a reference list using **APA** style. Spell-check, proof-read, and have someone else read your paper before you hand it in. Include page numbers according to APA style. **(2/10)**

Best Possible Grade:

10/10

Aging Simulation

Exercise

The aging simulation exercise was developed to allow you to "experience" first-hand some of the aches and pains, mobility impairments, as well as sensory losses commonly associated with the aging process.

The aging simulation exercise demonstrates the effects of physiological aging by *experiencing functional losses associated with aging*.

In a Covid-free world, you would team up with at least one other classmate and larger groups would be allowed. Given social distancing, it appears you will have to conduct your aging simulation alone or in a small group based on social distancing and other health guidelines, or you may include family members if interested, and you will interact with others from class by posting your experiences in a discussion group.

You are to participate in two roles:

1) Simulating at least one impairment using the recommended approaches described in documents provided;

and

2) Upon completion of the Aging Simulation Exercise, you will participate in a discussion group about your experience. Multiple groups have been created on Courselink (the group titles represent the impairment you simulated or a broader topic), **you must enroll in a group**, and then take part in a discussion about your particular impairment/limitation and what you learned by participating in this activity.

You are expected to make a minimum of 5 original posts/ideas and at least 5 responses/ comments to posts by others. The discussion groups will be open through Week 5 (Friday, October 7th) of the course.

Given social distancing due to Covid-19, you may have completed your simulation alone. If health guidelines permit, you may include a few friends, students, or family members if they are interested. The discussion group allows you the chance to discuss what it was like to experience the limitation/impairment first-hand. You may also discuss any interesting observations from your life experiences, either coping with the limitation/impairment of family members or friends, and how you felt dealing with them in various interactions.

Given the current situation dealing with Covid-19, you should think about how this impacts older adults and especially those with limitations. Feel free to include your observations regarding the aging simulation and impact of Covid as part of your discussions.

If you are doing lower-body limitations and would like to borrow a wheelchair, contact: Vicki Bonanno, Student Accessibility Services, vbonanno@uoguelph.ca

10. UNIVERSITY STATEMENTS

E-mail communication:

As per university regulations, all students are required to check their <uoguelph.ca> e-mail account regularly: e-mail is the official route of communication between the University and its students.

When you cannot meet a course requirement:

When you find yourself unable to meet an in-course requirement because of illness or compassionate reasons, please advise the course instructor (or designated person, such as a teaching assistant) in writing, with your name, id#, and e-mail contact. See the Undergraduate Calendar for information on regulations and procedures for [Academic Consideration](#).

Drop date:

Courses that are one semester long must be dropped by the end of the last day of classes; two-semester courses must be dropped by the last day of classes in the second semester. The regulations and procedures for [Dropping Courses](#) are available in the Undergraduate Calendar.

Copies of out-of-class assignments:

Keep paper and/or other reliable back-up copies of all out-of-class assignments: you may be asked to resubmit work at any time.

Accessibility:

The University promotes the full participation of students who experience disabilities in their academic programs. To that end, the provision of academic accommodation is a shared responsibility between the University and the student.

When accommodations are needed, the student is required to first register with Student Accessibility Services (SAS). Documentation to substantiate the existence of a disability is required, however, interim accommodations may be possible while that process is underway.

Accommodations are available for both permanent and temporary disabilities. It should be noted that common illnesses such as a cold or the flu do not constitute a disability.

Use of the SAS Exam Centre requires students to make a booking at least 14 days in advance, and no later than November 1 (fall), March 1 (winter) or July 1 (summer). Similarly, new or changed accommodations for online quizzes, tests and exams must be approved at least a week ahead of time.

More information: www.uoguelph.ca/sas

Academic misconduct:

The University of Guelph is committed to upholding the highest standards of academic integrity and it is the responsibility of all members of the University community – faculty, staff, and students – to be aware of what constitutes academic misconduct and to do as much as possible to prevent academic offences from occurring. University of Guelph students have the responsibility of abiding by the University's policy on academic misconduct regardless of their location of study; faculty, staff and students have the responsibility of supporting an environment that discourages misconduct. Students need to remain aware that instructors have access to and the right to use electronic and other means of detection.

Please note: Whether or not a student intended to commit academic misconduct is not relevant for a finding of guilt. Hurried or careless submission of assignments does not excuse students from responsibility for verifying the academic integrity of their work before submitting it. Students who are in any doubt as to whether an action on their part could be construed as an academic offence should consult with a faculty member or faculty advisor.

The [Academic Misconduct Policy](#) is outlined in the Undergraduate Calendar.

Recording of materials:

Presentations which are made in relation to course work—including lectures—cannot be recorded or copied without the permission of the presenter, whether the instructor, a classmate or guest lecturer. Material recorded with permission is restricted to use for that course unless further permission is granted.

Resources:

The [Academic Calendars](#) are the source of information about the University of Guelph's procedures, policies and regulations which apply to undergraduate, graduate and diploma programs.

Disclaimer:

Please note that the ongoing COVID-19 pandemic may necessitate a revision of the format of course offerings, changes in classroom protocols, and academic schedules. Any such changes will be announced via Courselink and/or class email.

This includes on-campus scheduling during the semester, mid-terms and final examination schedules. All University-wide decisions will be posted on the COVID-19 website (<https://news.uoguelph.ca/2019-novel-coronavirus-information/>) and circulated by email.

Illness:

Medical notes will not normally be required for singular instances of academic consideration, although students may be required to provide supporting documentation for multiple missed assessments or when involving a large part of a course (e.g., final exam or major assignment).

COVID-19 Safety Protocols:

For information on current safety protocols, follow these links:

- <https://news.uoguelph.ca/return-to-campus/how-u-of-g-is-preparing-for-your-safe-return/>
- <https://news.uoguelph.ca/return-to-campus/spaces/#ClassroomSpaces>

Please note, that these guidelines may be updated as required in response to evolving University, Public Health or government directives.
