2. COURSE DESCRIPTION

Typically, in this course students participate in a supervised practicum arranged in a local school, community or social service agency and corresponding seminar. Students will work under the supervision of a faculty member and an onsite supervisor. This course provides an important opportunity for students to integrate academic knowledge and practical experience and to develop and extend professional skills. Emphasis is placed on the student's development as a reflective learner through practicum experiences, developing and fulfilling learning and performance contracts, and constructive feedback.

For Fall 2020 these hours will be completed virtually through online learning activities, in addition to researching and putting together an experiential learning project related to a population of interest

to the student. Lastly students will participate in ongoing online discussions which will also count towards these hours.

In this course, students will not only work towards the stated objectives, but also evaluate their skills and interest in working with youth, older adults and families. The course consists of:

A. Field Placement (12 hours per week):

Students are in the field for a total of 192 hours over a 12-week period. Schedules are arranged between the student and the practicum supervisor. Normally, failure to spend 192 hours in the field or being asked to leave placement early for unethical or unprofessional behaviour results in failure of the course. *For Fall 2020 these hours will be completed virtually through online learning activities, in addition to researching and putting together an experiential learning project related to a population of interest to the student. Lastly students will participate in ongoing online discussions which will also count towards these hours.*

B. Seminar (3 hours per week on Fridays):

Students participate in weekly seminars. Students will spend time during seminar exploring and evaluating their experiences. Seminars will alternate from synchronous to asynchronous dependant on the week, see schedule below. Time will be spent considering the topics which relate to practical work with children, youth, adults and their families such as: systems issues, program planning, best practice implementation, observation, time management, self-evaluation as well as issues related to working as a member of a professional team. *For Fall 2020 only, these seminars will be conducted online through Zoom. Links for these weekly classes will be posted to the course site. Asynchronous classes will be uploaded under the content section.*

9. COURSE STATEMENTS

Course Website:

There is a course website at <http://courselink.uoguelph.ca>. All components of this course will be housed on the CourseLink site including this course outline, assignments, and links to further resources. Your assignments will be submitted through the Dropbox function. Marks and feedback will also be released on the site. Please familiarize yourself with this website as soon as possible and visit it regularly throughout the semester.

Late Assignments:

All assignments will be due by Friday at 11:30 PM, unless otherwise noted on the Dropbox. Late assignments will be accepted up to 5 days following the due date and will receive a penalty of 5% per day EXCEPT under documented grounds for compassionate consideration. Assignments submitted more than one week late without documented grounds will receive a grade of zero. If you need to hand an assignment in late, you must contact your course instructor ahead of time where possible, and negotiate an extended date of submission. If you are not able to contact the instructor ahead of time, please do so as soon as possible. Extensions will only be granted for compassionate consideration at the discretion of the course instructor. Note: if appropriate documentation of your inability to meet an in-course requirement is necessary, the course instructor will request it, and it is your responsibility to provide it.

Receipt of Grades:

After you receive a grade on CourseLink, please review your feedback. Any inquiry or dispute over the grade must be made within two weeks from the date they are posted. If you fail to protest any grade during this time limit, changes to the grade will not be considered. [Grades will be based on the Grading Procedures outlined in the Undergraduate Calendar.](#)

Turnitin Software:

In this course, your instructor will be using Turnitin, integrated with the CourseLink Dropbox tool, to detect possible plagiarism, unauthorized collaboration or copying as part of the ongoing efforts to maintain academic integrity at the University of Guelph.

All submitted assignments will be included as source documents in the Turnitin.com reference database solely for the purpose of detecting plagiarism of such papers. Use of the Turnitin.com service is subject to the Usage Policy posted on the Turnitin.com site.

A major benefit of using Turnitin is that students will be able to educate and empower themselves in preventing academic misconduct. In this course, you may screen your own assignments through Turnitin as many times as you wish before the due date. You will be able to see and print reports that show you exactly where you have properly and improperly referenced the outside sources and materials in your assignment.

10. UNIVERSITY STATEMENTS

Email Communication:

As per university regulations, all students are required to check their <uoguelph.ca> e-mail account regularly: e-mail is the official route of communication between the University and its students.

When You Cannot meet a course requirement:

When you find yourself unable to meet in-course requirements due to illness or compassionate reasons, please advise the course instructor (or designated person, such as a teaching assistant) in writing with name, ID#, and email contact. [See the undergraduate calendar for information on regulations and procedures for Academic Consideration.](#)

Illness: The University will not require verification of illness (doctor's notes) for the fall 2020 or winter 2021 semesters.

Drop date:

Courses that are one semester long must be dropped by the end of the fortieth class day; two semester courses must be dropped by the last day of the add period in the second semester. The regulations and procedures for [Dropping Courses](#) are available in the Undergraduate Calendar.

Copies of out-of-class assignments:

Keep paper and/or other reliable back-up copies of all out-of-class assignments: you may be asked to resubmit work at any time.

Accessibility:

The University promotes the full participation of students who experience disabilities in their academic programs. To that end, the provision of academic accommodation is a shared responsibility between the University and the student. When accommodations are needed, the student is required to first register with Student Accessibility Services (SAS). Documentation to substantiate the existence of a disability is required, however, interim accommodations may be possible while that process is underway. Accommodations are available for both permanent and temporary disabilities. Use of the SAS Exam Centre requires students to book their exams at least 7 days in advance, and not later than the 40th Class Day.

Academic misconduct:

The University of Guelph is committed to upholding the highest standards of academic integrity and it is the responsibility of all members of the University community – faculty, staff, and students – to be aware of what constitutes academic misconduct and to do as much as possible to prevent academic offences from occurring. University of Guelph students have the responsibility of abiding by the University's policy on academic misconduct regardless of their location of study; faculty, staff and students have the responsibility of supporting an environment that discourages misconduct. Students need to remain aware that instructors have access to and the right to use electronic and other means of detection.

Please note: Whether a student intended to commit academic misconduct is not relevant for a finding of guilt. Hurried or careless submission of assignments does not excuse students from responsibility for verifying the academic integrity of their work before submitting it. Students who are in any doubt as to whether an action on their part could be construed as an academic offence should consult with a faculty member or faculty advisor.

[The Academic Misconduct Policy is detailed in the Undergraduate Calendar.](#)

Recording of materials:

Presentations which are made in relation to course work—including lectures—cannot be recorded or copied without the permission of the presenter, whether the instructor, a classmate or guest lecturer. Material recorded with permission is restricted to use for that course unless further permission is granted.
