AND APPLIED NUTRITION

# FRHD\*4210 Senior Seminar in Early Education and Care COURSE OUTLINE – FALL 2020

## 1. CALENDAR DESCRIPTION

The course offers a study of the historical and philosophical basis of programs for young children evaluated from a developmental perspective. Emphasis will be on current approaches and programs and contemporary issues in early childhood programming.

<b>Credit Weight:</b>	0.5 credits
<b>Course Hours:</b>	3-0 (36 lecture; 0 lab/seminar)
<b>Pre-Requisite(s):</b>	FRHD*3200
<b>Co-Requisites(s):</b>	none

## 2. COURSE DESCRIPTION

The overall focus of the course will be on children's right to quality programs in early education and care. The issue of quality will be viewed from multiple perspectives including families, practitioners, leaders, communities, and government. The present state of early education and care in Ontario and other jurisdictions will be the platform from which to consider social, political and historical contexts. The work of historical philosophers and educators as well as that of contemporary writers and researchers will inform the discussions.

This course consists of one, 2 hour and 50 minute class per week. Although this course will include a mix of lecture-style discussion, group presentations, and guest speakers who are authorities in their field, the focus of the course will be on active learning strategies. The most effective learning takes place through an active and constructive process (as opposed to a passive process). Students are therefore expected to do more than simply memorize material presented by the instructor; instead, the students and instructor will be constructing the course together. Students are invited to bring to class current examples from the media, personal experience, or other courses pertaining to current approaches and programs and contemporary issues in early childhood programming.

## 9. COURSE STATEMENTS

### Course Website:

There is a course website at <http://courselink.uoguelph.ca>. All components of this course will be housed on the CourseLink site including this course outline, assignments, and links to further resources. Your assignments will be submitted through the Dropbox function. Marks and feedback will also be released on the site. Please familiarize yourself with this website as soon as possible and visit it regularly throughout the semester.

### Late Assignments:

All in-class activities must be completed on the day they are due, given the participatory nature of these assignments (i.e., In-Class Participation Activities, Field Visit Presentation and Debrief).

The Personal Learning Journal Assignments have a grace period of 48 hours. This means that there will not be docked marks if you submit before the extra 48 hours period expires. Do not treat the grace period as the deadline, because it is not. The given due dates are the expected deadlines for submission and the grace period is in place to account for potential difficulties and life events that can impact submissions at that time. You do not need to e-mail the TA or course instructor if you submit within the grace period - just submit to the CourseLink Dropbox as usual. CourseLink will say that your assignment is late, but it will not be marked late as long as it is submitted within the grace period. You can submit the assignment after the grace period has expired; however, your mark will be docked 10% per day including weekends EXCEPT under documented grounds for compassionate consideration.

Assignments submitted more than one week late without documented grounds will receive a grade of zero.

Extensions will be considered extenuating circumstances, including medical reasons. If you require an extension, discuss this with the instructor as soon as possible and well before the due date. Barring exceptional circumstances, extensions will not be granted once the due date has passed. These rules are not designed to be arbitrary, nor are they inflexible. They are designed to keep you organized, to ensure that all students have the same amount of time to work on assignments, and to help to return marked materials to you in the shortest possible time.

**Receipt of Grades:**

After you receive a grade on CourseLink, please review your feedback. Any inquiry or dispute over the grade must be made within two weeks from the date they are posted. If you fail to protest any grade during this time limit, changes to the grade will not be considered. [Grades will be based on the Grading Procedures outlined in the Undergraduate Calendar.](#)

**Turnitin Software:**

In this course, your instructor will be using Turnitin, integrated with the CourseLink Dropbox tool, to detect possible plagiarism, unauthorized collaboration or copying as part of the ongoing efforts to maintain academic integrity at the University of Guelph.

All submitted assignments will be included as source documents in the Turnitin.com reference database solely for the purpose of detecting plagiarism of such papers. Use of the Turnitin.com service is subject to the Usage Policy posted on the Turnitin.com site.

A major benefit of using Turnitin is that students will be able to educate and empower themselves in preventing academic misconduct. In this course, you may screen your own assignments through Turnitin as many times as you wish before the due date. You will be able to see and print reports that show you exactly where you have properly and improperly referenced the outside sources and materials in your assignment.

## **10. UNIVERSITY STATEMENTS**

**E-mail communication:**

As per university regulations, all students are required to check their <uoguelph.ca> e-mail account regularly: e-mail is the official route of communication between the University and its students.

**When you cannot meet a course requirement:**

When you find yourself unable to meet in-course requirements due to illness or compassionate reasons, please advise the course instructor (or designated person, such as a teaching assistant) in writing with name, ID#, and email contact. [See the undergraduate calendar for information on regulations and procedures for Academic Consideration.](#)

**Drop date:**

Students have until the last day of classes to drop courses without academic penalty. The regulations and procedures for [Dropping Courses](#) are available in the Undergraduate Calendar.

**Copies of out-of-class assignments:**

Keep paper and/or other reliable back-up copies of all out-of-class assignments: you may be asked to resubmit work at any time.

**Accessibility:**

The University promotes the full participation of students who experience disabilities in their academic programs. To that end, the provision of academic accommodation is a shared responsibility between the University and the student.

When accommodations are needed, the student is required to first register with Student Accessibility Services (SAS). Documentation to substantiate the existence of a disability is required, however, interim accommodations may be possible while that process is underway.

Accommodations are available for both permanent and temporary disabilities. It should be noted that common illnesses such as a cold or the flu do not constitute a disability.

Use of the SAS Exam Centre requires students to book their exams at least 7 days in advance, and not later than the 40th Class Day.

More information: [www.uoguelph.ca/sas](http://www.uoguelph.ca/sas)

**Academic misconduct:**

The University of Guelph is committed to upholding the highest standards of academic integrity and it is the responsibility of all members of the University community – faculty, staff, and students – to be aware of what constitutes academic misconduct and to do as much as possible to prevent academic offences from occurring. University of Guelph students have the responsibility of abiding by the University's policy on academic misconduct regardless of their location of study; faculty, staff and students have the responsibility of supporting an environment that discourages misconduct. Students need to remain aware that instructors have access to and the right to use electronic and other means of detection.

Please note: Whether or not a student intended to commit academic misconduct is not relevant for a finding of guilt. Hurried or careless submission of assignments does not excuse students from responsibility for verifying the academic integrity of their work before submitting it. Students who are in any doubt as to whether an action on their part could be construed as an academic offence should consult with a faculty member or faculty advisor.

[The Academic Misconduct Policy is detailed in the Undergraduate Calendar.](#)

**Recording of materials:**

Presentations which are made in relation to course work—including lectures—cannot be recorded or copied without the permission of the presenter, whether the instructor, a classmate or guest lecturer. Material recorded with permission is restricted to use for that course unless further permission is granted.

**Resources:**

The [Academic Calendars](#) are the source of information about the University of Guelph's procedures, policies and regulations which apply to undergraduate, graduate and diploma programs.
