FRHD*3250/3290 Practicum I: Youth/Adult Development COURSE OUTLINE – WINTER 2022

1. CALENDAR DESCRIPTION

Through seminar and supervised experience with youth and/or adults, students will demonstrate the application of theory studied earlier in the program. This practicum course will also provide opportunities for working directly with youth in a community setting while examining the role of the professionals involved and the communication with youth and community members. Developing skills in programming planning, implementation, and evaluation is a primary objective. Students wishing to enrol in this course must consult with the instructor during course selection.

Credit Weight:	1.0 credits
Course Hours:	3-0 (36 lecture; 0 lab/seminar)
Pre-Requisite(s):	FRHD*2300 or FRHD*2400
Co-Requisites(s):	FRHD&3400

2. COURSE DESCRIPTION

In this course students participate in a supervised practicum arranged in a local school, community or social service agency and corresponding seminar. Students will work under the supervision of a faculty member and an onsite supervisor. This course provides an opportunity for students to integrate academic knowledge and practical experience and to develop and extend professional skills. Emphasis is placed on the student's development as a reflective learner through practicum experiences, developing and fulfilling learning and performance contracts, and constructive feedback.

In this course, students will not only work towards the stated objectives, but also evaluate their skills and interest in working with youth, older adults, and families

The course consists of:

A. Field Placement (12 hours per week):

Students are in the field for a total of 144 hours over a 12-week period. Schedules are arranged between the student and the practicum supervisor. Normally, failure to spend 144 hours in the field or being asked to leave placement early for unethical or unprofessional behaviour results in failure of the course.

B. Seminar (3 hours per week on Fridays):

Students participate in weekly seminars. Students will spend time during seminar exploring and evaluating their experiences. Time will be spent considering the topics which relate to practical work with children, youth, adults, and their families such as: systems issues, program planning, best practice implementation, observation, time management, self-evaluation as well as issues related to working as a member of a professional team.

Keep paper and/or other reliable back-up copies of all out-of-class assignments: you may be asked to resubmit work at any time.

Accessibility:

The University promotes the full participation of students who experience disabilities in their academic programs. To that end, the provision of academic accommodation is a shared responsibility between the University and the student.

When accommodations are needed, the student is required to first register with Student Accessibility Services (SAS). Documentation to substantiate the existence of a disability is required, however, interim accommodations may be possible while that process is underway.

Accommodations are available for both permanent and temporary disabilities. It should be noted that common illnesses such as a cold or the flu do not constitute a disability.

Use of the SAS Exam Centre requires students to book their exams at least 7 days in advance, and not later than the 40th Class Day.

Academic misconduct:

The University of Guelph is committed to upholding the highest standards of academic integrity and it is the responsibility of all members of the University community – faculty, staff, and students – to be aware of what constitutes academic misconduct and to do as much as possible to prevent academic offences from occurring. University of Guelph students have the responsibility of abiding by the University's policy on academic misconduct regardless of their location of study; faculty, staff and students have the responsibility of supporting an environment that discourages misconduct. Students need to remain aware that instructors have access to and the right to use electronic and other means of detection.

Please note: Whether or not a student intended to commit academic misconduct is not relevant for a finding of guilt. Hurried or careless submission of assignments does not excuse students from responsibility for verifying the academic integrity of their work before submitting it. Students who are in any doubt as to whether an action on their part could be construed as an academic offence should consult with a faculty member or faculty advisor.

[The Academic Misconduct Policy is detailed in the Undergraduate Calendar.](#)

Recording of materials:

Presentations which are made in relation to course work—including lectures—cannot be recorded or copied without the permission of the presenter, whether the instructor, a classmate or guest lecturer. Material recorded with permission is restricted to use for that course unless further permission is granted.

Resources:

The [Academic Calendars](#) are the source of information about the University of Guelph's procedures, policies and regulations which apply to undergraduate, graduate and diploma programs.

Illness:

Medical notes will not normally be required for singular instances of academic consideration, although students may be required to provide supporting documentation for multiple missed assessments or when involving a large part of a course (e.g., final exam or major assignment).
